

April 10, 2007,

Karly Capwell
Executive Assistant to the COO
Mount Carmel New Albany Surgical Hospital
Foundation Auditorium Manager
New Albany Surgical Hospital Foundation
7333 Smith's Mill Road
New Albany, Ohio 43054

Dear Karly,

I wanted to thank you for your help with the Stryker Spine Latin American Lab on March 29-31, 2007. Your flexibility and willingness to adjust to the schedule really made the course go smoothly.

Overall the course was a considered a great success. The 15 Latin American surgeons that attended had excellent comments and were very impressed with the New Albany Facility. The auditorium met every need we had for the lecture portion of the course and having you there to assist allowed me to not have to worry about the technical portions of lectures. Please extend my thanks as well to catering. They were very prompt and all the food was very good. It simplified the organization of the course by having the catering offered in house.

Again, Thank you so much for all the effort you put into making the course a success. We will be doing more labs there in the future and I look forward to working with you again.

Sincerely,

Mike Short

Rebecca Dunaway, Executive Director
Joint Implant Surgeons
7277 Smiths Mill Road
New Albany, OH 43057

Dear Ms. Dunaway:

Thank you very much for taking the time to help coordinate the recent conference titled "Biomet Trauma Update: Foot and Ankle Strategies." This was a highly successful seminar over the weekend of October 14 and 15, 2006. The anatomy lab and conference facilities provided by your foundation was second to none. I was impressed with the expertise of your staff as well as the physical facilities.

We have received several feedbacks from participants to this meeting. They have all commented on how smoothly the meeting went, but mostly how expert the cadaver/anatomy lab was run. In fact, there was a great deal of interest in engaging the New Albany Hospital in sponsoring their own educational seminars.

In addition, the feedback from Biomet/EBI Corporation was outstanding. Due to the outstanding work provided by you and your staff, they were able to minimize the amount of seminar organizers required to get this complex meeting off the ground. They also commented in regards to the overall cost efficiency of having this type of interactive surgical skills seminar to be held here in Columbus versus their home office of Persephone, New Jersey.

You and your staff should be commended on running such an outstanding facility. Your commitment to excellence and education was impressive.

I look forward to working with you and your staff on future meetings.

Sincerely,

Thomas H. Lee, M.D.

Rebecca Dunaway, CMPE
Practice Administrator
Joint Implant Surgeons and Starpath Orthopaedics
7277 Smith Mill Road, Suite 200
New Albany, OH 43054

Dear Rebecca:

Thank you so much for all your assistance with coordinating the orthopaedic event last Wednesday, October 11, 2006, at NASH. The evening was phenomenal! You and your staff were extremely helpful in every aspect of the planning and orchestrating. A meeting of this magnitude cannot happen without a lot of behind-the-scenes work.

I firmly believe that this meeting raised the standard of excellence for orthopaedic education at the local level.

The facilities ended up being a great venue for the meeting. I look forward to holding future events at NASH.

Again, Rebecca, thank you.

Sincerely,

A handwritten signature in black ink, appearing to read 'Scott L. Klabunde', written over the word 'Sincerely,'.
